FAST
AUDIT SERVICES

FAST AUDIT SERVICES
FOR THE MODERN GOVERNMENT AGENCY

Save Time and Money

How can agencies devote their time and resources to the most crucial and productive audits?

Fast Audit Services (FAS) is a cloud-based solution designed to optimize audit selection for financial accuracy and fund recovery. Backed by our 25+ years in government, FAS offers remote audit support, state-specific configuration, and customizable models—and more comprehensive data than any other audit tool.

RESEARCH
taxpayer population with aggregated data

IDENTIFY
which inconsistencies or errors warrant an audit

FACILITATE
communication with businesses and individuals

REDUCE
stress and enhance compliance for taxpayers

The Full Picture

Was the audit successful? What characteristics do successful outcomes have in common? FAS goes beyond basic audit selection, offering sophisticated tools for every step of the process—including a convenient online self-service portal.

Educate customers	Enhance compliance and reduce errors
Customers securely upload files online	Improve service and reduce workload
Data is easy to read	Empower staff to make swift decisions
System captures all outcomes	Continuously refine action plans
Reduce time spent on unnecessary tasks	Mitigate staffing shortages

OUR **IMPACT**

For more than 25 years, Fast Enterprises (FAST) has transformed the way government agencies serve their communities. We provide secure software that delivers superior customer experiences, greater flexibility, and streamlined operations.

More than 100 governments worldwide use FAST solutions to administer programs for child support, unemployment insurance and paid leave, driver licensing and motor vehicle, and tax and revenue.
